Mythology is a collection that gives travertine a contemporary twist. The three graphic families - Simbios, Regia, and Saturna - offer unique takes on this natural stone, with colours ranging from refined neutrals to deeper shades. The collection's versatility is reflected in a range of sizes, including large slabs up to 120x278 cm, ideal for creating seamless surfaces, as well as formats that cater to all requirements, with 20 mm thicknesses available for outdoor applications. The finishes - natural, brushed, and grip - highlight the authenticity and functionality of the materials, whether for indoor or outdoor spaces. The range also includes exclusive decorative pieces like Mythos and Anthos, along with mosaics and wall cladding, ideal for adding a finishing touch to walls and surfaces.

神话是一个集合，给石灰华一个当代的转折。三个图形系列 - Simbios，Regia 和 Saturna - 为这种天然石材提供了独特的呈现，颜色从精致的中性色到更深的色调。该系列的多功能性体现在一系列尺寸上，包括高达 120x278 厘米的大板，非常适合创建无缝表面，以及满足所有要求的格式，20 毫米的厚度可用于户外应用。表面处理 - 自然，拉丝和抓握 - 突出了材料的真实性和功能性，无论是室内还是室外空间。该系列还包括独家装饰作品，如 Mythos 和 Anthos，以及马赛克和墙壁覆层，非常适合为墙壁和表面添加点睛之笔。

Tune | Natural swing

An unprecedented combination of stone materials originating from various areas in Northern Europe, picked and mixed to create original patterns and shades. Delicate vein patterns, small grains and sandy surfaces merge together in the Tune collection, which is available in a natural palette of both large and medium sizes, to enhance the balance of the surfaces and to clad all interiors with elegance.

这款产品采用了源自北欧各地的前所未有的多种石材材料，经过挑选和混合，形成了独特的图案和色调。在“Tune”系列中，细腻的纹理、细小的颗粒和沙质表面相互融合。该系列提供大尺寸和中尺寸两种规格，采用自然色调，既可增强表面的平衡感，又能以优雅的方式覆盖所有装饰区域。

Coquille | Contemporary emotion
 The collection expresses the peculiarities of limestone through a careful aesthetic elaboration: we enriched the surface with calibrated graphic signs, such as light veins and delicate fossil inclusions, which mingle with the nuances and chiaroscuro of the background. The proposal thus acquires a discreet and contemporary image, which makes it suitable for minimal and urban style projects as well as elegant and prestigious settings.

科基尔 | 当代情感
 该系列通过精心的美学设计展现了石灰岩的独特之处：我们在表面添加了精心校准的图形符号，如浅色纹理和精致的化石嵌入物，它们与背景的色调和明暗相互交融。

因此，该系列呈现出低调而现代的形象，使其既适合极简和都市风格的项目，也适用于优雅和高端的环境。

Etherea | Celestial Sensations

The purity of the mineral world makes a harmonious entry into living spaces, evoking refined atmospheres which convey sensations of minimalistic and discreet elegance.

Etherea combines the excellence of different stone materials, bringing together their most distinctive qualities to obtain a light and uniform graphic design, which lends the surfaces a delicate aesthetic and creates an effect of timelessness. Light haloing and subtle fossil traces lie on the dense background, maintaining the homogeneous appearance without color contrasts, conveying a sense of purity.

艾瑟瑞 | 天使般的感受

矿物世界的纯净和谐地融入生活空间，营造出精致的氛围，传递出简约而低调的优雅感。

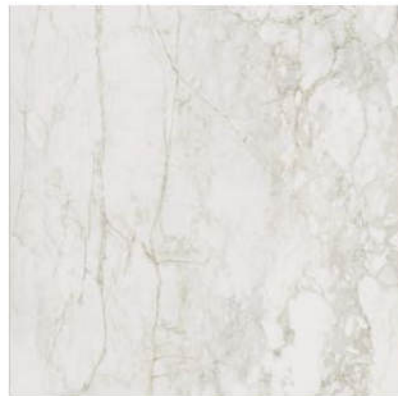

以太融合了不同石材的卓越品质，将它们最独特的特质汇聚在一起，打造出轻盈统一的图形设计，赋予表面精致的美感，并营造出永恒的效果。淡淡的光晕和细微的化石痕迹点缀在浓密的背景之上，保持了整体的均匀外观，没有色彩对比，传递出纯净之感。

The new CYTHERE collection draws inspiration from the Greek island of Naxos, famed in legend as the place where Aphrodite arrived on a sea- shell, a symbol of beauty and harmony. The collection' s colours and textures echo the island' s landscapes: warm grey pebbles, fine sand, off-white rocks, and red clay rich in iron, reminiscent of the pigments used by Venetian painters. Each ceramic piece tells the story of this land and the Mediterranean ceramic tradition, spread by the Arabs from Latin countries. The designs pay homage to this heritage, featuring handcrafted bricks and 19th-century tiles produced in southern Italian workshops, once used to adorn the noble homes of Naples, Palermo, and other cities. Here, the elegance of painterly motifs and the textured strokes of clay are brought to life. Tradition seamlessly blends with modernity in this collection, creating a timeless fusion of light, texture, and harmony.

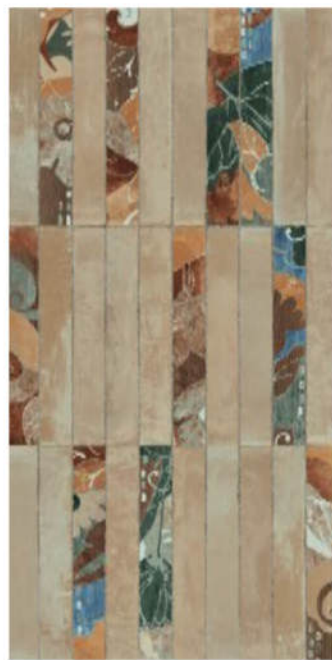

新的“CYTHERE”系列的设计灵感源自希腊的纳克索斯岛，该岛在传说中被誉为阿佛洛狄忒乘坐海贝壳抵达此地的地方，贝壳象征着美丽与和谐。该系列的色彩和质地与该岛的自然景观相呼应：温暖的灰色鹅卵石、细腻沙子、浅白色的岩石以及富含铁元素的红色黏土，让人联想到威尼斯画家所使用的颜料。每一件陶瓷作品都讲述着这片土地以及由阿拉伯人从拉丁国家传播而来的地中海陶瓷传统的故事。这些设计向这一遗产致敬，采用了手工制作的砖块和19世纪在意大利南部工坊生产的瓷砖，这些瓷砖曾用于装饰那不勒斯、巴勒莫和其他城市的贵族住宅。在这里，绘画图案的优雅和陶土的纹理笔触得以生动呈现。在这个系列中，传统与现代完美融合，创造出一种永恒的光、质感与和谐的融合。
